

HVAC • FIRE • ELECTRICAL

**HEATING, VENTILATION
AND AIR CONDITIONING
PROFESSIONALS &
FPAS ACCREDITED**

Superior Air Conditioning is fully trained on the new R32 refrigerant as we have completed the Nationally Recognised Course VU22583, Handle Class A2/A2L Flammable Refrigerants and Natural Refrigerant courses, so our SWMS and insurances cover all of our installations using these refrigerants

Authorisation Number: AU02661
Refrigerant Handling Licence: L031876

About Us

Established in 2003, and has been operating for over 17 years. Though we are a young company, our directors have been in the industry for a combined 40 years and bring a great deal of experience and knowledge of the HVAC (Heating, Ventilation & Air Conditioning) industry to the company.

UNLIKE OTHERS IN THE INDUSTRY WE CAN OFFER A COMPLETE SERVICE INCLUDING:

- Design
- Construction / Installation
- Maintenance
- Breakdown / Service
- After sales support
- Dilapidation reports
- Essential Services (AFSS Certification)

Our values

Our mission is to look after our customers and to deliver new and innovative solutions to the maintenance and installation of critical systems.

We understand that every project is unique and for that it is important to us to deliver our commitments to our customers every time.

The Superior Air have knowledge & management resource, of delivering an exceptional service experience:

- ✓ Superior Air HVACR services
- ✓ Superior Air Fire services
- ✓ Superior Air Electrical services

Superior Air Conditioning is FPAS Accredited & we have a strong client focus which is supported by the considerable resources of our staff and associated contractors of which we currently employ.
